### **Old Business:**

- The river of time event was a few weekends ago. A thank you to all the volunteers we had there helping with our display. We were not able to be in the same location as last year and did not have the visibility as we had hoped. We may ask if we might be able to fly small warbirds for next year's event.
- Mike M. will check on next years Dawn patrol with the Valley Aero club and having our club participate.
- Mike Y. and Mike M. went out to the dome to find info for this years indoor flying. They have not been able to reach the new owner and he has not returned phone calls. There may be a possibility of not having the dome available to fly during the winter.

### **New Business:**

- Eric wanted to remind everyone to NOT cut the grass at the field when it is wet. He spent a lengthy time cleaning the deck.
- Gary has mentioned he has been having issues with the Groupme app and getting lewd messages and wanted some help.
- John P. will check with SVSU on the possibility of flying at the Ryder center.
- Mike M. discussed the FAA regulations and restrictions of flying close to an airport and the 400ft height limits.

### **Airplane Contest:**

Last month – The airplane this month was a Piper Navajo PA31. John G, John P, Pete, Eric and Mike M submitted and John P won.

Meeting adjourned at 7:18pm
